

DONATE ZONE

The VFW Department of California Foundation recently signed a contract with Donate Zone for the purpose of raising funds for our Posts as well as for the VFW Department Foundation.

As you are well aware, our economy is such that donations through the mail have decreased drastically. In addition, our membership numbers have decreased over the past few years both within the Department of California and across our entire organization.

What this means is shortage in the funding required to operate our Service Department or our various programs such as Voice of Democracy, Patriots Pen or our Teachers Awards and many more.

This is where Donate Zone can assist. If your Post is looking to raise additional funds, and provide your members with some entertainment as well, I would suggest that you contact Donate Zone by emailing Andrea Geist, ageist@hesttech.com, calling 877.654.9606 or visiting their website, <http://www.donatezoneca.com/fraternals.html> where you can request additional information.

We have a number of Posts already raising additional funds. You could be next!
